NOTE—Contra sheet

Submitted to His Highness

These papers relate to the promotion of certain members of the staff of the Industrial School in Mysore

2 With his letter No 6528-459 dated 10th February 1912 the Inspector General of Education submitted proposals for the promotion of the under mentioned members of the staff and submitted an extract from the Proceeding of a meeting of the Committee of the Industrial School held on the 18th January 1912 and a copy of the opinions recorded individually by each member of the Committee with the exception of Mr J E A D'Cruz owing probably to his absence

3 The Committee are in favour of the promotions which are as follow -

Name	Present pay Rs.	Date of last promotion	Proposed pay Rs.	Increase Rs.
Mr G Subbaswami Iyer Superintendent	300	1st July 1908	350	50
M G Ramachandra Rao Asst Superintendent	100	1st July 1905	125	25
R T Ramakrishna Drawing Master	50	1st July 1908	60	10
Y Lakshminarnappa Sale Room Clerk	30	1st July 1908	35	5
G K Sitarama Iyengar Store keeper	25	1st July 1908	30	5
T K Ramaswamy Head master General Education Branch	30	1st July 1908	35	5
			Total	Rs 100

-- 4

4 The Financial Department would have the proposals lie over as the financial condition of the Local Funds General from which the school is maintained is one of excess of expenditure over receipts This is a matter for adjustment and should not be allowed to stand in the way of the natural growth of the school

P. - 4 - 6

5 Both the Councillors recommend that the promotions may be sanctioned I agree with them in thinking that the school is doing good work and the masters and men deserve the increments recommended The proposals of the Inspector General of Education may be sanctioned

Extract from the Proceedings of a Meeting of the Committee of the Industrial School, Mysore, held in the Engineering School, Mysore, at 9 30 A M on Thursday the 18th January 1912

VI Resolved that the proposals for the increase of pay to the undermentioned members of the present Establishment be circulated to the members of the Committee with a statement of service and qualifications of each official

1 Superintendent
2 Assistant Superintendent
3 Drawing Master
4 Sale room Clerk
5 Store-keeper
6 Head Master (General Education Branch)

Circulated among members for favour of recording their opinions

2 M Kantharaja Urs, Esq , B A Deputy Commissioner
3 T Denham, Esq , M A , Principal Maharaja's College
4 B Ramakrishna Rao, Esq , Officer in charge of the Palace Establishment

Seen & Recorded (Itd) R V S 20-1-12

5 R V Sundaram Iyer Esq , B A , B L
6 J E A D'Cruz, Esq A C E , M C E Executive Engineer, City Improvement Division

3

I quite agree with the proposal to increase the salaries of the members of the establishment as proposed None of them have had any increase for nearly 4 years, and considering the onerous nature of their duties, the increase now proposed is quite necessary

(Sd) R V Sundararaj Iyer,
Executive Engineer,
20-1-1912 Mysore Division

I have great pleasure in expressing my agreement with the above proposals for the increased pay of the staff of the Industrial School The work turned out by the school is admittedly good and it seems to me that the staff should be generously treated Money spent on Technical training is always a good natural investment

(Sd) Thos Denham,
20-1-1912 Principal, Maharaja's College, Mysore

I have not the slightest hesitation in endorsing the two opinions recorded above The Institution in question would not have been what it is now but for the wholehearted zeal and interest evinced by the Superintendent and the Assistant, in the working of the same

I strongly recommend their case for the very favourable consideration of Government

(Sd) M Kantharaj Urs,
Deputy Commissioner
20-1-1912

The Superintendent's proposals involve an increase of Rs 100 P M as per margin List (B) which gives percentages of the various items of Receipts and charges based on the information supplied by the Superintendent It will be seen therefrom that the establishment proper permanent costs 38 percent of the total expenditure taking into account the actuals of

		Increase
Superintendent	Rs 300 to Rs 350	Rs 50
Asst Superintendent	Rs 100 to 125	Rs 25
Drawing Master	Rs 50 to 60	Rs 10
Sale Room Clerk	Rs 30 to 35	Rs 5
Storekeeper	Rs 25 to 30	Rs 5
Head Master, General Education Branch	Rs 30 to 35	Rs 5
		Rs 100 P M

of 1910-11 the estimate for 1911-12 being 39 1 % The arrangement ordered in Government Proceedings No 9970-1 of the 1st June 1911 for the separation of the Tile Industry is now in its experimental stage It forms still a department of the school the direct management of it continues to be in the hands of the Superintendent under the orders of the Inspector General of Education I mention this fact to show that the separation has in no way relieved the work of the working staff, or, relieved them of their duties to any extent on the other hand it is understood that the work on the whole is increasing It will be seen from the statistics the Superintendent furnishes in the list circulated which I have marked now as (A) for reference that the Assistant Superintendent has been drawing his present pay Rs 100 per month for over 6½ years the Superintendent had his last increase 4½ years ago, the Drawing Master's case is similar to that of the Superintendent so also the others named in the list The Assistant Superintendent has of late had to do the work of the Superintendent in addition to his own whenever the former had other work assigned to him just as I am writing this, it is so, as the Superintendent is, I learn, on deputation for special duty under the orders of the Chief Engineer Under these circumstances I have no hesitation whatever to vote for the increases proposed I would further recommend that, taking into consideration the requirements of the school, some convenient scale of salaries providing for increments up to a suitable limit be laid down this would give encouragement to the working staff and create a definite understanding in the matter

(Sd) P Ramakrishna Rao,

2-3-12

I agree with the above especially with the suggestion that an incremental scale of salaries should be introduced The Industrial school serves a very special and useful purpose in training boys to earn their own living, and judging from the statements in the file the staff has had very little encouragement in the past in the shape of increases of pay I think they have all fairly

earned the increases proposed
